

LANDLORD: Scovil Farms, LLC
 COOPERATOR: Joe & Chris Hampton
 PREVIOUS CROP: Soybeans
 LOCATION: T13N, R4E, Sec. 31
 Shelby County, IL

PLANTING DATE: May 21, 2013
 HARVEST DATE: October 4, 2013
 PLANTER: JD 1770 NT.
 COMBINE: JD S660
 POPULATION: 34000
 REPLICATIONS: 2

Ranking based upon Gross Dollars/Acre

Drying Charge per Moisture Pt. is \$.05

Assumed Selling Price of \$4.25/bushel

Plot Note: Initially we believed the first three varieties had a nitrogen application problem. However, it now appears more likely that chemical drift caused the lower yield in the first varieties in the first repetition. For this reason this summary does not include data from the 1st repetition.
